Brandon Wilmott
420 Locust Ave
Waynesboro, VA 22980

Thank you for the opportunity to apply at Dragon Army apps in Atlanta. Im a junior developer who started in web development and now I'm migrating to iOS development as I've found I'm more passionate about mobile applications. Id love to get to know the team better as I think I would be a good fit! Please take an opportunity to check out my GitHub portfolio(github.com/bwilm) or my personal website at bwilmott.com.

Sincerely,

Brandon Wilmott
